# Tripod Flexible Instructions

How to Set Up the Tripod:

A) For phones, attach the phone mount to the tripod

B) For cameras with standard 1/4 screw interface, attach the camera directly to the tripod head

C) The mount for GoPro is not included.

Pairing

1. Turn the remote on with the power switch located on its right side. The blue LED light will flicker.
2. Access your phone's settings and connect to "UBeesize" in the available devices list. The blue LED light will stop flickering when connected.

How to Use

1. Open your phone's camera app
2. On the remote, press the button associated with your phone's operating system (IOS for iPhone and Android for Android phone)
3. For video, switch to video in your phone's camera app and press the button from step 2 above. Press the same button again to stop recording.

*If your camera does not respond, it may not be compatible. In this case, download the free app "Camera360" and use this with the remote.
