To stream 4K or HDR,
choose an HDMI port that
supports **HDCP 2.2**. Use a
Premium High Speed HDMI®
Cable (not included).

For help determining which
port supports HDCP 2.2, visit
go.roku.com/hdcp

2

ETHERNET HDMI DC IN
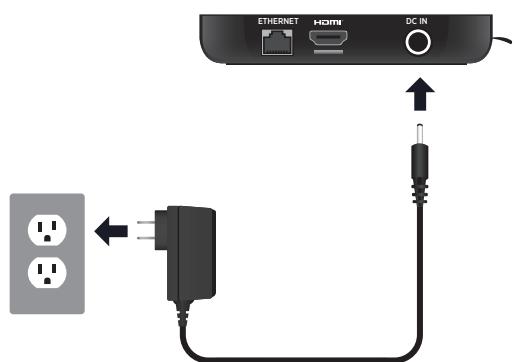

STEP 2:
Connect to power

Use the included power adaptor to connect your streaming player to a wall outlet.

3

Input

| Antenna |
| A/V 1 |
| HDMI 1 |
| HDMI 2 |
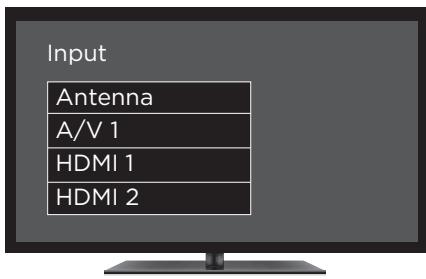

STEP 3:
Power on TV and select input

Use your TV remote to power on your TV and select the input you used to connect your streaming player.

For help on how to select the correct input, visit **go.roku.com/selectinput**

4
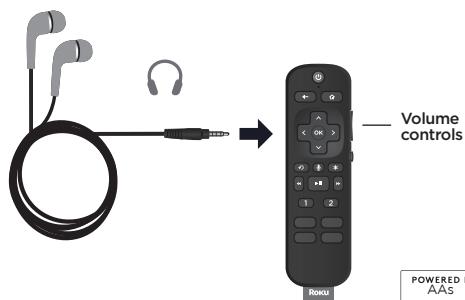

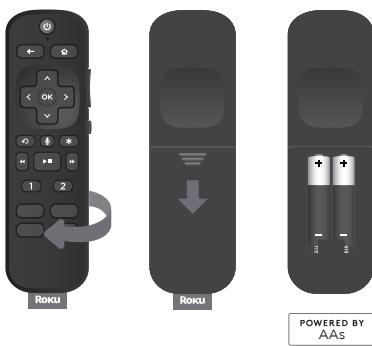

STEP 4:
Insert batteries

On the back side of the remote, slide open the battery cover. Insert two (2) AA batteries placing the negative (-) ends in first.

Your remote should pair with your streaming player automatically. For help pairing your remote, visit **go.roku.com/remotehelp**

NOTE: To use private listening, simply plug headphones into your Roku® remote. Your TV will mute automatically.
