FIXD Installation Guide

1 Download the FIXD App on your smartphone. Do not open the app until Step 4.

Fines and Liability

- The overdue fine is $1.00 per day until returned.

- The patron is responsible for costs associated with the loss or damage of the Car Health Monitor and/or peripherals.

  Replacement Parts:
  Car Health Monitor $50.00
  Bag: $5.00

2 Make sure Bluetooth is enabled on your smartphone. This can be accomplished through the Settings menu on your device.

3 Turn your vehicle on and leave the engine running for five seconds before opening the FIXD App.

4 Open the FIXD App and tap 'Register'. Input your information to register for a FIXD Account.

**5** Input the FIXD Sensor Code (located on the back of your Sensor) into the FIXD App.

7 In the FIXD App, tap to add the FIXD Sensor.

8 Name your FIXD Sensor and hit 'Register' to start your first vehicle health scan.

NOTE - FIXD requires a data connection and at least 3 bars of cellular coverage to function properly.
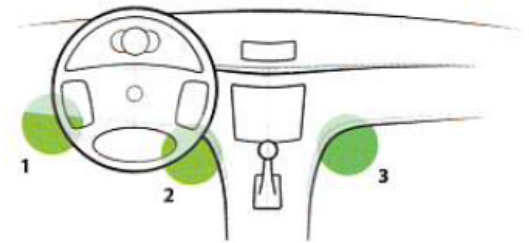

6 Plug the FIXD Sensor into the OBD-II port. The port is commonly located beneath the dash near the locations shown below.
